DETAILED ACTION

Information Disclosure Statement

1. The information disclosure statement (IDS) submitted on 06/14/2007 was filed after the mailing date of the instant application on 05/19/2005. The submission is in compliance with the provisions of 37 CFR 1.97. Accordingly, the information disclosure statement has been considered by the examiner.

Claim Rejections - 35 USC § 103

2. Claims 1, 2 and 4 are rejected under 35 U.S.C. 103(a) as being unpatentable over Abileah et al. (Abileah – (US 5,629,784) taken with Depp et al. (Depp – US 5,831,698 of record). Looking at Fig. 3 of Abileah and comparing it with these claims, a light source 29, LC panel 9 and diffusing element 21 is shown wherein the LC panel has a pair of glass substrates 5,13 sandwiching a liquid crystal layer and polarizer 3, 15 arranged on each substrate, wherein diffuser 21 is arranged between one glass substrate 13 and polarizer 15 as recited in Claim 1. Not shown is the diffusing element having a controlling means (Claim 3) switching the diffusing element between scattering and non-scattering states. Depp shows this feature in Fig. 3, and is disclosed in col. 3, line 24. It would have been obvious to employ the controllable diffuser element of Depp for the diffusing element of Abileah for the reason given in Depp, namely, to increase the viewing angle of the display device (col. 3, line 27). Regarding Claim 4, Depp discloses that the diffuser therein may be formed of a polymer dispersed liquid crystal to meet the limitation of this claim.

Conclusion

3. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
